SIGNIFICANT ENROLLMENT GROWTH FOR SPRING QUARTER

Troy State University at Dothan with its locations at Fort Rucker and Chipola Jr. College has again experienced significant growth in student enrollment for the 1994 Spring Quarter. Enrollment figures stand at 2,436, a 13.14 percent increase over the 1993 Spring Quarter. This marks twenty-seven consecutive quarters of increased enrollment at TSUD and one of the three highest percentage increases in the past seven years.

Dr. Jack Sublette, executive vice president and vice president for student affairs at TSUD, commented, "We are pleased that our previously enrolled students and new students continue to come to TSUD in increasing numbers. The good enrollment provides University officials with the welcome challenge of finding enough classrooms and office space for faculty and staff. As we predicted before the move to our new campus, the improved facilities and environment are effective recruiting factors."

TSUD RECEIVES HIGHER CLASSIFICATION

The Carnegie Foundation for the Advancement of Teaching recently notified Troy State University at Dothan that it was reclassified as "Master's (Comprehensive) Universities and Colleges I," a move up from

the Master's II classification. Institutions with the Master's I classification offer a full range of baccalaureate programs and are committed to graduate education through the master's degree. They award 40 or more master's degrees annually in three or more disciplines.

Three-year averages of degree data were used to determine each institution's placement. Carnegie's classification is used by college and university officials to analyze their institution's niche among the nation's colleges and universities. As a result of the reclassification, TSUD joins 12.2% of the country's 3,600 accredited institutions as a Master's I university and becomes one of 13 similar institutions in Alabama.

TSUD President, Dr. Thomas Harrison said, "It is always interesting and informative to see one's local institution categorized according to national standards. While the Carnegie Foundation's classification system is not meant to be a pecking order of institutions of higher education, it does help to define the nature of Troy State University at Dothan according to certain criteria. We are pleased to see that the number of degrees awarded by TSUD allows it to be classified as a Master's I Comprehensive University."

TSUD TO PARTICIPATE IN NAFTA SEMINAR

Troy State University at Dothan, along with the TSU Center for Business and Economic Services,

Wiregrass Leadership, Inc., and the Dothan Area Chamber of Commerce, is sponsoring a seminar on the North American Free Trade Agreement (NAFTA) on Thursday, May 5, 1994, at the Holiday Inn-South in Dothan. The seminar will be held from 9:00 a.m. - 12:00 noon, with registration beginning at 8:30 a.m. The registration fee is \$20.00, and a continental breakfast will be served.

Presenters for the seminar will be Dr. Wayne Curtis, TSU Sorrell School of Business, and Mrs. Sara Barry from the U.S. Department of Commerce. Dr. Curtis will provide an overview of NAFTA, and Mrs. Barry will provide information regarding interaction between businesses in south Alabama with those in Mexico and Canada.

As an added event, a roundtable luncheon will be provided for the first thirty people interested in conducting business in Mexico. Registration for the roundtable luncheon is \$12.00. Mr. Jerry Brochin, SONY; Mr. Richard Guest, Personnel Resources; and Mr. Cecil Milner, Cecil Milner & Associates; will lead groups during the roundtable sessions.

An abundance of literature, information, and handouts will be available at the two sessions.

For more information regarding the NAFTA seminar, contact the TSUD Continuing Education Center at Northside Mall at 205-712-0010.

ACCREDITATION TEAMS ON CAMPUS

The official State Department of Education (SDE) program approval review and the National Council for the Accreditation of Teacher Education (NCATE) Board of Examiners' Initial Accreditation Review will take place simultaneously April 17-20.

The approval and accreditation sought by the School of Education are important to TSUD as a whole, not just the School of Education. Everyone is asked to support and assist the School of Education in these significant efforts.

TSUD PROFESSOR VISITS FORMER USSR

Dr. Adair Gilbert and her husband, Maurice, recently returned from spending two weeks in the former USSR, where they delivered lectures on Total Quality Management (TQM) to students at Tallinn Technical University in Tallinn, Estonia, and at the Diplomacy School, the Business School, the Economics University, and the World Culture Institute in Tashkent, Uzbekistan. They made many contacts and hope to pursue the possibility of col-

laborating with faculty there in studying the impact of the socio-economic changes taking place in the former USSR.

DR. LIVINGSTON, I PRESUME!

Dr. Helen Livingston and her husband, A.D., were recently informed by Facts on File, Inc. of New York that their book, Edible Plants and Animals: Unusual Foods from Aardvark to Zambia, was selected by the New York Public Library as "one of the outstanding reference books of 1993." Congratulations, Dr. Livingston!

NAME TAGS

All University employees are reminded to wear their TSUD name tag during working hours, especially during the SDE/NCATE visit on April 17-20. Questions regarding the acquisition of name tags should be channeled to Janet McQueen in Malone-118 or ext. 208.

HEALTHY READING: DON'T OVERDO IT

Watch out, couch potatoes. Two new studies show that sedentary

people who undertake such strenuous activities as pushing a car out of snow or mud or going cross-country skiing face 100 times the normal risk of having a heart attack during and for about one hour after the exertion. Playing sports, pushing a lawn mower or doing heavy jogging can also be deadly if you don't exercise on a regular basis.

Researchers recommend to get into shape gradually with regular exercise—30 minutes of moderate exercise at least five days a week. With this method, your risk of a heart attack due to heavy exertion will be greatly reduced.

JUST FOR FUN

Why God never received university tenure:

1. Because He had only one major publication.
2. And it was in Hebrew
3. And it had no references.
4. And it wasn't published in a refereed journal.
5. And some even doubt He wrote it Himself.
6. The scientific community has had a very rough time trying to repeat His results.

TSU SYSTEM NEWS

TSU HIRES SYSTEM COORDINATOR FOR DISTANCE LEARNING

An expanding need for distance learning has led Troy State University to hire a coordinator for system programs.

Dr. Bill Flinn joins TSU as system director of information and technology. He comes from Ball State University in Muncie, IN, where he held a similar position. Flinn earned his doctorate in education communication from Ohio State University.

"As part of his responsibilities, Flinn will coordinate the development of all distance learning programs and telecourses, and will supervise computer services, telecommunications and the radio and television department," said Dr. Doug Patterson, vice chancellor.

"Among his biggest responsibilities will be coordinating system distance learning to be complementary instead of competitive," Patterson remarked. "Educational needs are changing, and as they do, we must develop programs to serve the needs of a more technical society."

Flinn brings five years of experience from Ball State, where he supervised a distance learning program linking 44 buildings and 300 classrooms. He said that he hopes to bring unification to TSU's growing distance learning programs.

Flinn said, "More and more adults are returning to college, but because of family and work obligations cannot drive to campuses. Distance education allows these students to take courses in their homes or in nearby distance education reception centers."

been recognized as the "Faculty Member of the Month" for April.

Dr. Schreiner received his bachelor's degree from Ohio State University and his master's degree from the University of South Florida. In 1976, he received his Ph.D. in accounting from the University of Illinois.

Prior to coming to TSUD in September 1993, Dr. Schreiner taught at Miami University in Oxford, Ohio.

He is a Certified Public Accountant and a member of the American Institute of CPA's and the American Accounting Association. Dr. Schreiner has co-authored several publications on the fundamentals of dBase III Plus and dBase IV. He co-authored "Proposed Changes in the Uniform CPS Examination" in The Ohio CPA Journal. He has given numerous presentations regarding accounting information systems.

He and his wife, Jan, have four children and two grandchildren. Philip, their youngest son, is currently a student at TSUD. Dr. Schreiner is a member of Honeysuckle Road Church of Christ, where he teaches a high school Bible class. In his spare time, he enjoys working with computers and gardening.

DR. VICTORIA MORIN

Dr. Victoria Morin, assistant professor for the School of Education at Troy State University at Dothan, has been recognized as the

"Faculty Member of the Month" for April.

Dr. Morin received her bachelor's degree from City University of New York and her master's degree from Idaho State University. She received her Ph.D. in Special Education from the University of Florida.

Prior to coming to TSUD in August 1993, she was involved in graduate research and served as a teaching assistant at the University of Florida.

Dr. Morin is a member of the Council for Exceptional Children, Association for the Education of Gifted Underachieving Students, Learning Disabilities Association of America, and Phi Delta Kappa.

She has given numerous presentations on various topics in general and special education. Her publications focus on building self-esteem, promoting effective teaching, and providing opportunities for success for students with learning disabilities.

She and her husband, Robert, reside in Ozark. While Dr. Morin is not involved with her professional activities, she enjoys raising African Violets, attending live theater and concerts, reading, and traveling to art shows with her husband.

PROFESSIONAL STAFF MEMBER OF THE MONTH

DR. HELEN
LIVINGSTON

Dr. Helen Livingston, director of the TSUD Marianna location, has been recognized as the "Professional Staff Member of the Month" for April.

Dr. Livingston received her bachelor's degree from Troy State University and her master's degree from Troy State University-Ft. Rucker, now TSUD. In 1992, she received her Ed.D. from The University of Alabama.

Prior to coming to TSUD in October 1990, she was employed with

the Henry County School System, where she served as curriculum supervisor and principal of Abbeville High School.

She is a member of the Alabama Association of College Registrars and Admissions Officers, Southern Association of College Registrars and Admissions Officers, Alabama Counseling Association, Delta Kappa Gamma, Kappa Delta Pi, Network Association of Dothan, National Association of Executive Women, National Education Association, Marianna Chamber of Commerce, and the Correctional Education Association.

She and her husband, A.D., reside in Dothan. They have four children: Tina, Jarrod, Bill, and Jeff. Just recently Dr. Livingston and her husband were notified that their book, Edible Plants and Animals: Unusual Foods from Aardvark to Zambia, was selected by the New York Public Library as "one of the outstanding reference books of 1993." In her spare time, Dr. Livingston enjoys reading, fishing, sailing, and needlework.

CLASSIFIED STAFF MEMBER OF THE MONTH

JEANNETTE
ANGLIN

Jeanette Anglin, custodian at Troy State University at Dothan, has been recognized as the "Classified Staff Member of the Month" for April.

A graduate of Barbour County Trade School, Jeanette has been employed at TSUD since January 1989, when TSUD was located in downtown Dothan.

Prior to coming to TSUD, she was employed by Dothan City Schools as

housekeeper for Girard Middle School.

She has three children—Annette, Alfred and Fred—and four grandchildren. Jeanette resides in Dothan and attends Tabernacle Baptist Church. In her spare time, she enjoys fishing and bowling.

NEED CURRENT INFORMATION? TRY THE PERIODICALS DEPARTMENT.

The Periodicals Department is one of the busiest research areas of the Library. The most recent issues of the 636 journals and newspapers currently received are displayed in the main room of the Library. Back issues of the 835 titles in the collection are found in the Periodical Room in three formats; paper copy, microfilm, and microfiche. Copiers and microform reader/printers are available for obtaining copies.

Journals appropriate for research in the courses for the School of Education, the School of Business, and the College of Arts and Sciences are obtained mainly through EBSCO Subscription Services. The EBSCO International Headquarters is located in Birmingham, Alabama. It maintains nine regional offices in the United States as well as offices in Canada, Brazil, Australia, New Zealand, the United Kingdom, Germany, France, Spain, Italy, Turkey, Thailand, the Philippines, Korea, and Hong Kong. EBSCO offers many services for serials control. Assigned customer service representatives are responsive to individual needs. The currently priced individual renewal list facilitates planning for new subscriptions and annual budgeting. Effective claim adjustment forms solve subscription problems, and the Monthly Claim Checker saves time by providing a review of active claims.

To save time in finding specific information from journals, magazines, and newspapers visit the Reference Room. Located there are the Periodical Indexes for business, criminal justice, education, psychology, science, social sciences, humanities, and nursing. In the Periodical Room you will find INFOTRAC, a very popular automated reference system. The expanded Academic Index database contains interdisciplinary information on the social sciences, humanities, general science, education and business. Bibliographical references and abstracts to over 500 scholarly journals are available. The database is updated monthly.
